How to Use this Map-Guide

This map-guide identifies more than 350 Civil War sites throughout Tennessee. Each site is interpreted and accessible and encourages you to explore diverse settings where America’s destiny was forged. Tennessee Civil War Trails sites can be explored at your own pace, and many offer other historical and recreational opportunities. Enjoy one of the numerous walking tours available in many communities. Shop at one of hundreds of antique and specialty shops, dine at a historically-themed tavern, or simply walk amid the serenity of a preserved battlefield. Let the stories you’ve discovered ignite your imagination as you envision how now-peaceful landscapes were once the scenes of the deadliest battles known to man.

The Tennessee Civil War Trails program is part of a five-state trails system that invites you to explore both well-known and less-familiar sites associated with America’s greatest drama. Together, more than 1,500 places tell the epic and heartfelt stories of civilians and soldiers who experienced triumph and tragedy during the war.

For more detailed travel information, contact any of the organizations listed in this guide or visit any Tennessee Welcome Center or local Visitor Center. For additional Civil War Trails information, visit www.civilwartrails.org.
